ACCUTONE® UNIFIED COMMUNICATIONS

UC200

Affordable

Not all UC environments require top-end headset solutions, sometimes pricing is a big determining factor. Accutone® understands this need, and without compromising quality and reliability offers the most affordable UC headset in the market - the UC200. Combining the award-winning design headset with the standardize Microsoft OC features, no wonder everyone is switching to Accutone for their UC needs.

Features	Benefits
Professional Grade	Zero Compromise in quality for price, is superior than most professional grade competitive headset.
Wideband Acoustics	Smallest headset ever built to house two 40mm wideband speakers.
Noise-Cancelling Mic	Designed for the noisiest environments, UC200 filters out most unwanted background noise.
In-line USB Control	In-line controller equipped with OC hook switch, volume control, mute button and LED-indicator.
Ultra Lightweight	UC200 is one of the lightest headset in the market meanwhile being very strong and durable.
Rotatable Boom Arm	270° boom arm rotation with bendable mic boom allows highest flexibility for microphone position.
Shock Protection	ASP circuitry to protect users from sudden loud noise.
Superb Design	Sharp-looking elegant curves with multiple adjustable joints from award-winning designers.

ACCUTONE'S UNIFIED COMMUNICATIONS

UC610

Durable

The 610 series headset from Accutone® has been tested again and again against most top headset brands in the market, and almost every time the results show that it is by-far the most durable solutions ever made. Now equipped with UC connectivity and functionality, the 610 is the perfect headset for UC environments that require only the strongest and the toughest.

Features	Benefits
Strongest Build	Perhaps the most durable headset in the market, the 610 is perfect for the harshest environments.
Wideband Acoustics	Two high-fidelity 40mm wideband speakers housed inside specially-tuned chambers.
Noise-Cancelling Mic	Designed for the noisiest environments, UC610 filters out most unwanted background noise.
In-line USB Control	In-line controller equipped with OC hook switch, volume control, mute button and LED-indicator.
Designed for Comfort	Wrapped behind a pair of high-grade leatherette ear cushion, UC610 is perfect for extended usage.
Rotatable Boom Arm	270° movement in both directions to support both left and right-ear wearing style.
Bendable Boom Arm	Boom Arm made of flexible material to ensure ideal position and angle of the microphone tip.
Shock Protection	ASP circuitry to protect users from sudden loud noise.

AGCUTONES UNIFIED COMMUNICATIONS

UC1010

Ultimate

The 1010-series headset (codename Lexus) is a revolutionary idea in headset manufacturing. Truly the only full-featured top-end communication headset made by a direct manufacturing brand, the Lexus headset offers users the ultimate handsfree experience without a ludicrous price tag. Now imagine the best getting better with full Microsoft OC connectivity and features!!

Features	Benefits
Ultimate Grade	Designed to compete against top-ends solutions with ultimate performance and features.
Aluminum Design	Combination of brushed aluminum and enhanced plastics offers superb strength with elegance.
Special NC Microphone	Carefully calculated, the 1010 comes with a complete redesigned mic house for excellent noise cancelling.
In-line USB Control	In-line controller allows OC hook switch, volume control, mute button and LED-indicator.
High Fidelity Speakers	Tailor-made, the proprietary speakers provides a perfect balance between clarity, precision and power.
Rotatable Boom Arm	270° movement in both directions to support both left and right-ear wearing style.
Convenience	"Coffee-Breaker" design allows users to fold the mic boom outwards for a quick break from calls.
Shock Protection	ASP circuitry to protect users from sudden loud noise.
